

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We respect our legal obligation to keep your health information private. We are obligated by law to give you notice of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

USES AND DISCLOSURES FOR TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment; testing or examining your eyes; prescribing glasses, contact lenses, or eye medications and faxing them to be filled; showing you low vision aids; referring you to another doctor or clinic for eye care or other services; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or vision care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense of legal matters; business planning; and outside storage of our records. We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside of our office for these reasons, we will ask you for special written permission.

USES AND DISCLOSURES FOR OTHER REASONS WITHOUT PERMISSION

In some limited situations, the law allows or requires us to use or disclose your health information without your permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- When a state or federal law mandates that certain health information be reported for a specific purpose;
- For public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the Food and Drug Administration regarding drugs or medical devices;
- Disclosures to governmental authorities about victims of suspected abuse, neglect or domestic violence;
- Uses and disclosures for health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws;
- Disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies;
- Disclosures for law enforcement purposes, such as to provide information about someone who is or is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- Disclosure to a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial; or to organizations that handle organ or tissue donations;
- Uses or disclosures for health related research;
- Uses and disclosures to prevent a serious threat to health or safety;
- Uses or disclosures for specialized government functions; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- Disclosures relating to worker's compensation programs;
- Disclosures to business associates who perform health care operations for us and who agree to keep your health information private.

Unless you object, we will also share relevant information about your care with your family or friends who are helping you with your eye care.

APPOINTMENT REMINDERS

We may send you a postcard and/or call to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call/email to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we will mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not home.

OTHER DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a written authorization form. You do not have to sign such a form. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it.

YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION

The law gives you many rights regarding your health information. You can:

- Ask us to restrict our uses and disclosures for purposes of treatment (except emergency treatment), payment or health care operations. To ask for a restriction, send a written request to Elliott Eye Associates at the address shown at the beginning of this Notice.
- Ask us to communicate with you in a confidential way, such as by phoning you at work rather than at home, by mailing health information to a different address, or by using email to your personal email address. If you want to ask for confidential communications, send a written request to Elliott Eye Associates at the address shown at the beginning of this Notice.
- Ask to see or to get photocopies of your health information. By law, there are a few limited situations in which we can refuse to permit access or copying. For the most part, however, you will be able to review or have a copy of your health information within 30 days of asking us. You may have to pay for photocopies in advance. If you want to review or get photocopies of your health information, send a written request to Elliott Eye Associates at the address shown at the beginning of this Notice.
- Ask us to amend your health information if you think that it is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and others that you specify. If we do not agree, you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or our rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30-day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send a written request, including your reasons for the amendment, to Elliott Eye Associates at the address shown at the beginning of this Notice.
- Get a list of the disclosures that we have made of your health information within the past six years (or a shorter period if you want), except disclosures for purposes of treatment, payment or health care operations and some other limited disclosures. You are entitled to one such list per year without charge. If you want more frequent lists, you will have to pay for them in advance. We will respond to your request within 60 days of receiving it, but by law we can have one 30-day extension of time if we notify you of the extension in writing. If you want this list, send a written request to Elliott Eye Associates at the address shown at the beginning of this Notice.
